Subject: NEW Dry Pack information

There is a great new page on Providentliving.org that lets you calculate an order of dry pack goods. Please pass the word along about this resource. There are a couple new products as well and new information on the shelf life of the products if they have been stored at a cool temperature.

I will be going to the Bremerton cannery on Tuesday morning at 9:30 to get some food storage for my family. If anyone is interested in joining me and making a party of it, let me know. I can carpool and have room for 8.

I need to know if you want to go ASAP, I would like to hear from you by Sunday evening at 6pm.

Again, I will be going for the 9:30 shift, Tuesday, January 8th.
If this doesn't work for you try 1 pm shift, Wednesday, January 9th

Email me with your order before Sunday night.

Thanks,
Cathryn Farr
