

Hello, my faithful friends!

Hopefully, all of you have received your catalogs by today! If you have not received yours by Monday, PLEASE let me know asap!

Re group specials: please note we must have six of most items to get the discount, but TWELVE of the masks. This is an especially good buy (about 50cents per mask) so I encourage orders. Brother Vail has given information regarding them and the flu, but I wish to remind you that they have other uses as well. I'm taking the CERTS training and they STRONGLY require masks when going among any kind of disaster....especially fires, earthquakes, tsunami, etc. Also, in case of a volcanic eruption, it will be VERY nice to have these masks! :) Sooooo, I hope ten more people will order them. We have two ordered now.

Also, those of you who didn't get green beans last month, try to get them this month. I doubt if they will stay at the \$12 price much longer...and that is SUCH a good price! Other good buys are the chicken and the tomato chunks. These, again, we need to order at least six to get the reduced price so as of now, we need another order of 2 chicken and 1 tomato chunks to make six! :) This is so we can get a further discount than what the list price in the catalog shows. For example, FD chicken shows as \$44.95 in the catalog, but if we order six, it is \$40.46. Much better!

Soooooo, look over your catalogs and let me know. If you are interested in a different product, let me know and I'll see if we can get orders for six!

Just don't send money until we know for sure how many of a product we can order! :)

Thanks! I appreciate your efforts to "be prepared".

Loa
