## Rotating Storage Shelves

~~~~~

If you look on the internet you will see lots of references to places you can buy rotating food shelves.

Here are just a few examples of links I found on GOOGLE:

These are adjustable so you can put any size can on them and are about \$700 per rack:

<http://www.foodstorageracks.com/>

Here is another kind to compare it to:

<http://www.canningpantry.com/food-storage-shelf-racks.html>

I even found some that just sit on a shelf on Ebay

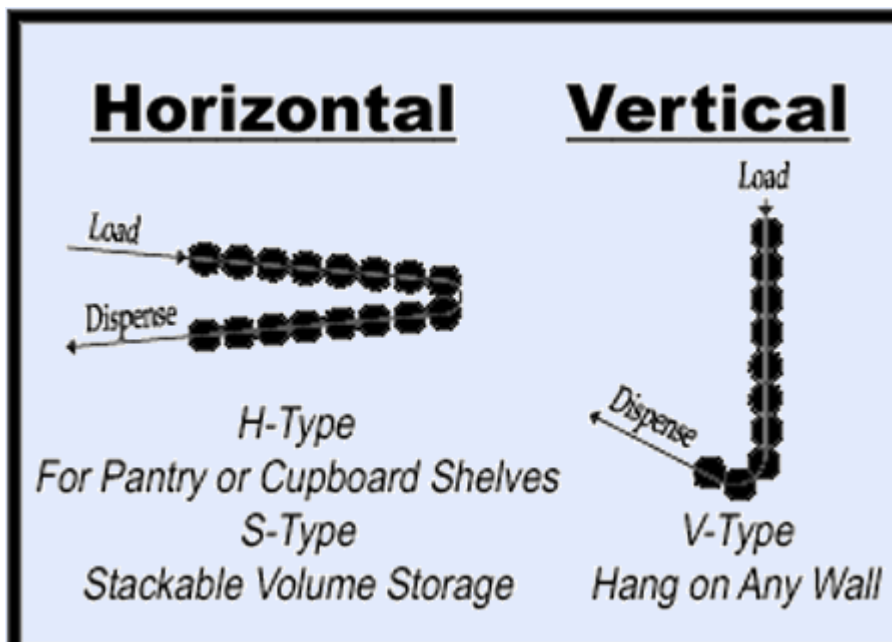

<http://www.google.com/products?q=rotating+food+storage+shelves&hl=en&rls=com.microsoft:en-us:IE-SearchBox&rlz=1I7GFRB&um=1&sa=X&oi=froogle&ct=title>

OR ... you can make your own. They are not hard to make.

I found a place you can buy a kit if you don't want to make them from scratch:

<http://www.canracks.com/>

Steel Storage Cabinets

We have 8 of these steel storage cabinets in our garage to keep mice out of our perishable storage things like flower and cereal (4 on each side of the isle.)

I found some on line for about \$200 each.

http://www.fecoi.com/mm5/merchant.mvc?Screen=CTGY&Store_Code=FEC&Category_Code=STGCAB-STD

STEEL STORAGE CABINET 36"W X 18"D X 72"H

Part Number: PMP-172-S

Standard Price: \$212.00

However, we bought ours at a thrift store for \$15 each. (The military and government surplus sales have them all the time too for about that same price.)
